

SK pharmteco's 14th Symposium On Sustainability Through Technology

A focus on continuous processing and green chemistry

Date: May 8, 2025

Location: Cambridge, MA

Venue: Sheraton Commander Hotel

AGENDA

- | | |
|---------------|--|
| 8:00 - 8:30 | Registration opens |
| 8:30 - 8:45 | Opening remarks, William DuBay, PhD, SK pharmteco |
| 8:45 - 9:45 | Keynote Speaker, Ryan Hartman, PhD, New York University
New Avenues in Continuous-Flow Syntheses for a Sustainable Future |
| 9:45 - 10:30 | Anirudh Nambiar, PhD, Amgen
Accelerated Reaction Development with Automated Transient Flow Experiments |
| 10:30 - 11:15 | Martin Johnson, PhD, Eli Lilly
Applying Continuous Processing Techniques to Make Solid Phase Oligonucleotide Synthesis More Efficient |
| 11:15 - 12:45 | Lunch |

SK pharmteco's 14th Symposium On Sustainability Through Technology

A focus on continuous processing and green chemistry

Date: May 8, 2025

Location: Cambridge, MA

Venue: Sheraton Commander Hotel

AGENDA

- | | |
|--------------|---|
| 12:45 - 1:45 | Keynote Speaker, Richard Braatz, PhD, Massachusetts Institute of Technology |
| 1:45 - 2:20 | Break |
| 2:20 - 3:05 | Ryan Woods, PhD, SK pharmteco and Sean Maddox, PhD, SK pharmteco
Modular platform for commercial scale cryogenic reactions in flow |
| 3:05 - 3:50 | Christina Meyer, PhD, Pfizer
Pfizer Strategy of the Modularization of GMP Continuous Manufacturing Equipment |
| 3:05 - 3:50 | Closing remarks |
| 4:05 - 5:05 | Networking reception |
